

Friends of the State Library of Massachusetts

Bird's Eye View Map, Waltham, 1877

Adopt-a-Book Program

Help the State Library preserve and digitize our collections by adopting an item. With your assistance, we can continue to fulfill our commitment to the care and digitization of our vast and historically significant collections!

State Library of Massachusetts
State House, Room 341
Boston, MA 02133

State Library of Massachusetts

Your personal sponsorship or gift in honor of someone else will ensure the preservation of one of the many historical items within the State Library. A list of adoptable items for each donation level can be found on our website.

Your important gift will be acknowledged by:

- A personalized book plate placed in each volume or item's container to identify the donor who adopted the item.
- With permission, your name will be included on a special donors webpage.

Gold Donor Level - \$150 - Treasures

Your donation will defray the cost of conserving rare, fragile, and damaged items in the collection, and digitization if condition allows.

Silver Donor Level - \$100 - Bird's Eye Views

Your donation will defray the cost of repair, cleaning, and scanning of each map. The map will then be added to our online repository.

Bronze Donor Level - \$50 - Directories

Your donation will defray the cost of digitizing a volume of a city or town directory for addition to our online repository. Pick your favorite from Abington to Yarmouth or anywhere in between.
